Horizontal 592 mm double medical arm for monitoring. 5" plate adaptation of Quick Release, table column mounting. Mindray monitoring compatible.

Cette colonne possède deux rails de fixation pour les différents éléments qui y seront fixés. (1 rail à l'avant de la colonne, 1 rail à l'arrière)

This column has two fixing rails for the different elements that will be fixed to it (1 rail at the front of the column, 1 rail at the back)

Deze zuil heeft twee bevestigingsrails voor de verschillende elementen die eraan bevestigd zullen worden (1 rail aan de voorkant van de zuil, 1 rail aan de achterkant)

Horizontal 592 mm double medical arm for monitoring. 5" plate adaptation of Quick Release, table column mounting. Mindray monitoring compatible.

This dual 592 mm Horizontal Arm allows the monitor to be fixed, oriented and adjusted perfectly. It is coated with an anti-microbial agent for hygiene and cleaning down to the smallest detail. Its modern design has been specially developed for healthcare environments.

Technical specifications:

- * Integral cable management
- * Lightweight application
- * Optional table-top column mounting, available in a range of heights (500 - 300 mm). These columns can be easily cut to size. All cables are also routed through the column (see Option on following pages)
- * This 592 mm Horizontal Arm simply slides into the column rail, then adjusts to the required height and locks in place. It has no height adjustment
- * The head of this arm complies with the mounting standard for Mindray monitors weighing up to 8 Kg.
- * Monitor tilt: 16° down and 20° up
- * Monitor rotation: 115° right, 115° left.
- * Arm rotation: 105° right, 105° left.
- * Total length 615 mm
- * Colour RAL 5013 cobalt blue and RAL 9016 traffic white
- * Warranty: 5 years

Horizontal 592 mm double medical arm for monitoring.

5" plate adaptation of Quick Release, table column mounting. Mindray monitoring

Monitor fitting: 5" Plunge plate of Quick Release

Color: Decorative parts: RAL 5013 cobalt blue

Aluminium parts: RAL 9016 traffic white

Max. load capacity of support arm: 8 kg

Monitor fitting max. load: 8 Kg

Product weight: 2,8 Kg

Product strengths:

Non-height-adjustable arm. Swivel arms and extended swivel arms offer full cable integration and easy cleaning for infection control in all critical care areas of the clinical environment. Our 5-year guarantee ensures reliable, trouble-free and maintenance-free operation. The swivel function at the point of attachment and the tilt and swivel function of the monitor adaptation provide optimum positioning of your unit. The extended swivel arm is a two-part arm with a central pivot point between the two arm sections. All bottom-mounted monitors have the safety feature of a 20° tilt stop.

Installation information - Column slide rail

Part Number: WM 250.120CTMD

Horizontal 592 mm double medical arm for monitoring.

5" plate adaptation of Quick Release, table column mounting. Mindray monitoring

Table column:

To install this medical arm, you need to use one of our medical columns. These are available in standard heights of 500 mm and 300 mm. Custom heights are available on request. Slide covers and end caps are supplied with every order.
