

Presentation

Part Number: WM 222.294C

**Extended Height Adjustable Arm, floor or ceiling column mount.
Supported weight balancing range from 16 to 22 Kg. Overhead mount**

Cette colonne possède deux rails de fixation pour les différents éléments qui y seront fixés. (1 rail à l'avant de la colonne, 1 rail à l'arrière)

This column has two fixing rails for the different elements that will be fixed to it (1 rail at the front of the column, 1 rail at the back)

Deze zuil heeft twee bevestigingsrails voor de verschillende elementen die eraan bevestigd zullen worden (1 rail aan de voorkant van de zuil, 1 rail aan de achterkant)

**Extended Height Adjustable Arm, floor or ceiling column mount.
Supported weight balancing range from 16 to 22 Kg. Overhead mount**

When the only available mounting point is high up, this arm gains those crucial extra centimeters lower for ergonomic ease. The Arm extends far in to working space, height adjusts and can be folded back neatly when not use. You need extended reach for your monitor? And the only available mounting position is too high to reach your device? This arm was especially designed for high mounting positions. The arm steps down from the first and second joint. Cable integration offers a neat and clean working environment. A medical-grade arm with easy-to-clean and infection control friendly surfaces, a 5-year warranty and a 6-fold safety factor.

Technical specifications:

* Integrated cable entry * Equipotential bonding * Optional floor or ceiling columns are available in various heights (1500 - 2000 mm). These columns can be easily cut to size. All cables are also routed through the column. (See Option on the following pages) * This Extended Height Adjustable Arm with gas spring simply slides into the column rail and then adjusts to the desired height and is fixed in place. It has a height adjustment safety stop button, which allows the arm to remain in the selected position. * The head of this arm complies with the VESA MIS-D 75 mm and 100 mm screen mounting standard. * Compatible with screens weighing no more than 16-22 Kg. * Touch screen stability. * Screen tilt: 30° down and 90° up * Screen rotation: 130° right, 180° left. * Arm rotation: 90° right, 90° left * Height adjustment: 45° down, 45° up * Total length 808 mm * All our medical arms are CE, ROHS, Medical Grade, Regulations MDD 93/42 ECC compliant. * Colour RAL 5013 cobalt blue and RAL 9016 traffic white * Warranty: 5 years

Technical Specifications

Part Number: WM 222.294C

**Extended Height Adjustable Arm, floor or ceiling column mount.
Supported weight balancing range from 16 to 22 Kg. Overhead mount**

Monitor adaptation: VESA 75/100 mm
Colour: Decorative parts: RAL 5013 cobalt blue
Aluminium parts: RAL 9016 traffic white
Balancing scale for this medical arm: 16 - 22 Kg
Product weight: 5,2 Kg

Height adjustment: Parallel mechanism for a constant viewing angle
Safety: Has a safety stop button for the height adjustment, which allows the medical arm to remain in the chosen position.

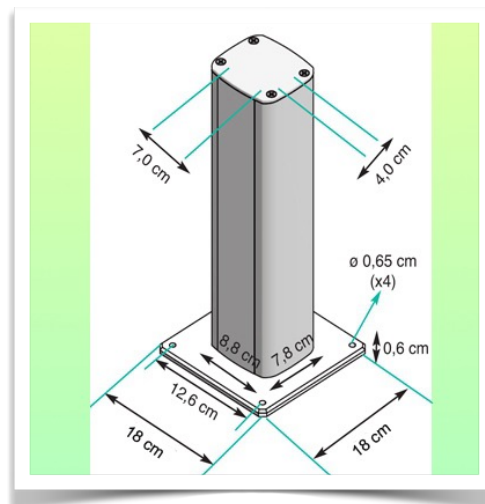

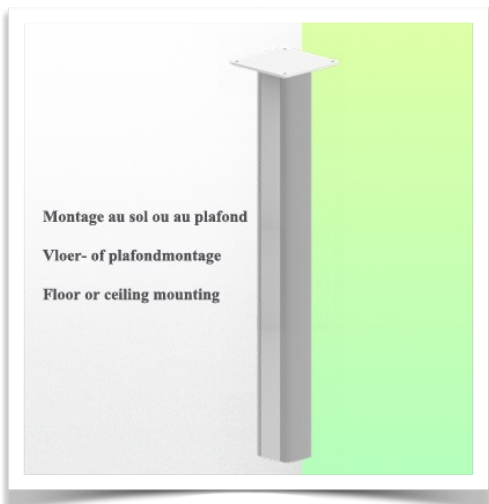

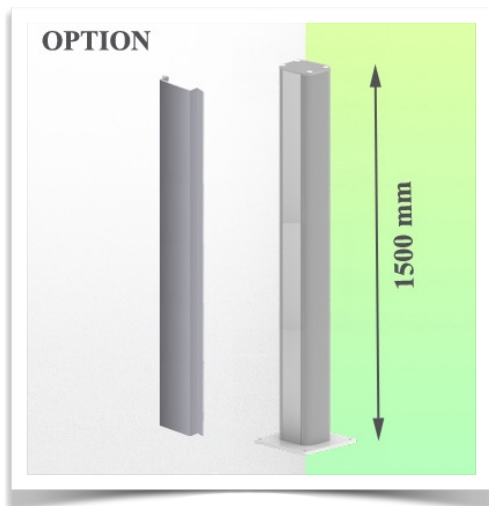

Mounting Information - Wall Slide Rail

Part Number: WM 222.294C

**Extended Height Adjustable Arm, floor or ceiling column mount.
Supported weight balancing range from 16 to 22 Kg. Overhead mount**
