**Extended Height Adjustable Arm, Mounting on Mindray Medical Power Supply Device.  
Supported weight balancing range from 13 to 16 Kg. Overhead mount**

**Extended Height Adjustable Arm, Mounting on Mindray Medical Power Supply Device. Supported weight balancing range from 13 to 16 Kg. Overhead mount**

When the only available mounting point is high up, this arm gains those crucial extra centimeters lower for ergonomic ease. The Arm extends far in to working space, height adjusts and can be folded back neatly when not use. You need extended reach for your monitor? And the only available mounting position is too high to reach your device? This arm was especially designed for high mounting positions. The arm steps down from the first and second joint. Cable integration offers a neat and clean working environment. A medical-grade arm with easy-to-clean and infection control friendly surfaces, a 5-year warranty and a 6-fold safety factor.

**Technical specifications:**

- \* Integrated cable passage \* Equipotential bonding
- \* Fixing on the chosen adapter solution
- \* This Horizontal extended Arm with gas spring simply adjusts to the desired height and is fixed. \* It has a safety stop button for height adjustment, which allows the arm to remain in the chosen position. \* The head of this arm complies with the VESA 75/100 mm screen mounting standard.
- \* Compatible with screens weighing no more than 13-16 Kg. \* Stability touch screen. \* Screen tilt: 30° down and 90° up. Screen rotation: 130° right, 180° left.
- \* Arm rotation: 90° right, 90° left. \* Height adjustment: 45° down, 45° up
- \* Total length 808 mm
- \* All our medical arms are CE, ROHS, Medical Grade, Regulations MDD 93/42 ECC compliant.
- \* Colour RAL 5013 cobalt blue and RAL 9016 traffic white
- \* Warranty: 5 years
