Din Standard rail 10 x 25 mm, length 400 mm, for mounting on wall track

This 10 x 25 mm European standard rail for vertical wall mounting is the ideal complement when no Din Rails are available, or absent, to add other elements. A new concept of din rail adapted to the medical world for complementary accessories which find their places there. Wall track adapter included in this configuration.

Technical specifications:

- * 400 mm length
- * Din Rail 10 x 25 m
- * Color RAL 7024 Graphite grey
- * Warranty: 5 years
