2 x 300 mm Swivel Horizontal Medical Arm for Philips Rack Flexible Module Server, Table column mounting.

This 2 x 300 mm Horizontal Swivel Arm for Philips FMS allows the FMS Rack to be fixed, oriented and adjusted perfectly. It is coated with an anti-microbial agent to ensure hygiene and cleaning down to the smallest detail. Its modern design has been specially developed for healthcare environments.

Technical specifications:

- * Integrated cable management
- * Optional table column mounting, with several heights available (300 - 500 mm). These columns can be easily cut to size. All cables also pass through the column (see option on following pages)
- * This 2 x 300 mm Horizontal Arm simply slides into the column rail, then adjusts to the required height and locks in place.
- * It has no height adjustment
- * The head of this arm complies with the Philips FMS Rack mounting standard, weighing no more than 18 Kg.
- * Rack tilt: 70° down and 100° up * Rack rotation: 115° right, 115° left.
- * Arm rotation: 105° right, 105° left.
- * Total length: 609 mm Colour: RAL 5013 cobalt blue and RAL 9016 traffic white
- * Warranty: 5 years

Arm fitting: Philips FMS

Colour: Decorative parts: RAL 5013 cobalt blue

Aluminium parts: RAL 9016 traffic white

Max. load capacity of support arm: 18 kg

Arm fitting max. load: 18 Kg

Product weight: 2,6 Kg

Product strengths:

Non-height-adjustable arm. Swivel arms and extended swivel arms offer full cable integration and easy cleaning for infection control in all critical care areas of the clinical environment. Our 5-year guarantee ensures reliable, trouble-free and maintenance-free operation. The swivel function at the point of attachment and the tilt and swivel function of the monitor adaptation provide optimum positioning of your unit. The extended swivel arm is a two-part arm with a central pivot point between the two arm sections. All bottom-mounted monitors have the safety feature of a 20° tilt stop.
